

## **Welcome To Our Office!**

We appreciate the confidence you have shown in our office by scheduling an appointment for an evaluation. Our purpose is to provide the highest quality of health care available. Good communication is essential for the best treatment results and we welcome any questions or comments you have regarding your treatment.

Please complete the patient information forms and bring them with you for your initial examination. We do our best to stay on schedule and your promptness is essential to this objective. Our office is designed to be comfortable and relaxing, in order to accommodate our craniofacial pain patients, as well as all others who have put their trust in our dental team. A rescheduled appointment will be valuable to another patient, so we ask that you notify our office 48 hours (two working days) in advance if it is necessary to reschedule an appointment.

You may bring any information you have regarding your condition that you feel may be helpful in Dr. Huff's exam.

**Please feel free to call our office if you have any questions or visit our website for more information.**

**We are pleased to welcome you to our office as our patient and friend!**
